## Continuing Education Program Application Guidelines

- **It is requested that applications should be received three weeks in advance.**
- **Please answer all questions on the application form.**
- Activities can be approved for up to two years in advance; however, information regarding change of dates and any changes in the activities or program must be submitted to the Board of School Administrators so that a new certificate can be issued. It is an ethics violation if original certificates are altered.
- Individuals submitting the request for administrative Continuing Education Program clock hours have the responsibility of providing two copies of the certificate for each administrator attending the activity or program. If the certificate is used for a national conference, the requester must let attendees know how to obtain the certificate at the conference location.
